

Meet up at Roskilde (Copenhagen)

Dates: 13th - 14th May

Airport: EKRK, AIP here: <http://aim.naviair.dk/>

### Arrival

I assume most people are arriving on a flight plan, either VFR or IFR, and there is no need for PPR. I would though ask that you notify us of your plans, so they can arrange parking !

Standard IFR approach for one of the ILS' or PBN. If they are on RWY 29, it will be circling to land, as the PBN approach interferes with Kastrup Airport. They may offer a visual approach, but I would stick to IFR to make life easy, if you're not familiar.

If you arrive VFR, just be mindful of the airspace and change over to Roskilde Approach before entering the zone - Class C extends out quite a far way. There are VRPs that they will want you to use. Borup or Koge are probably the relevant points for most of you. Please be mindful of noise abatement: <http://aim.naviair.dk/>

### Welcoming and transport

If you arrive at Roskilde Saturday mid-morning or noon, there will be offered a bite to eat and a coffee at the club house at Roskilde Flyveklub. This is very kindly sponsored by the club. They have also offered to drive people to Roskilde Train Station if we get enough cars. We'll figure something similar out for Sunday departure.

If you arrive Friday, I suggest taking a taxi to Roskilde Station, but you can also take bus no. 212. It is though an hourly service that stops running early in the evening.

Roskilde Airport can accommodate quite a few planes on the main apron, but they have offered to make use of Taxiways Delta and Juliet, if needs be. There will be NO parking on grass

### Accommodation and Dinner

Accommodation is self organised

There will be a dinner reservation made for Saturday evening, likely in "Nyhavn"

### To see and do:

<http://www.visitcopenhagen.com/copenhagen-tourist>

Canal tour

Louisiana, art museum up the coast

Roskilde Viking Museum

Fine dining - look up your favourite in the Michelin guide, but make sure to book !

Rosenborg Castle

etc

etc
